

Silver clad bronze strips

Clad metal manufacturing, more than 10 years manufacture experience, attained ISO9001, work on OEM and ODM projects..

1.Introduction of the Silver clad bronze strips

Silver clad strip is is a kind of new functional composite material. It is based on the copper or copper alloy. Precious metal, silver or silver alloy are cladded on the base metal as an inlay or overlay through special bonding process.

Silver Clad Metal Material is suitable for continuous automatically manufacture. It does not need other manufacture process, such as welding or soldering after its formation.

It is saving precious metal, keeping low cost and consistency of social development.

2. Application of Silver clad bronze strips

Silver clad strip mainly used for all sorts of electrical component production, such as, micro motors, electrical brush, commutator, jiggle plug/socket, relay, connector, tuner, etc.

It is also suitable for continuous automatically manufacture.

3. Main Materials for Silver clad bronze strips

Face material : Ag,AgNi,AgCdO,AgSnO2 Base material: Cu, brass, Phosphor copper, Beryllium copper

			Electrical	
Material	Composition	Hardness	Conductivity	Density
Series	(%)	(Hv)	(%IACS)	(g/cm ³)
	Ag 99.95	30~70	104	10.5
Ag	Ag 99.85,Ni 0.15	35~75	102	10.5
AgCu	Ag 80,Cu 20	75~125	82	10.2

Address: No.16 Shuanggang street, Tangchun Village, Liaobu Town, 523407 Dongguan, Guangdong, China Phone: +86-769-89800565

			,	
	Ag 75,Cu 25	80~130	75	10.1
	Ag 90,Ni 10	80~100	90	10
AgNi	Ag 85,Ni 15	85~105	85	9.9
	Ag 92,SnO ₂ 8	70~115	85	10
	Ag 90,SnO ₂ 10	70~125	83	9.9
AgSnO ₂	Ag 90,SnO ₂ 10	80~120	75	9.6
	Ag 92,SnO ₂ In ₂ O ₂ 8	70~115	80	10
	Ag 90,SnO ₂ In ₂ O ₃ 10	80~120	75	10
$AgSnO_2In_2O_3$	Ag 88,SnO ₂ In ₂ O ₃ 12	80~125	70	10

4. Specification of Silver clad bronze strips

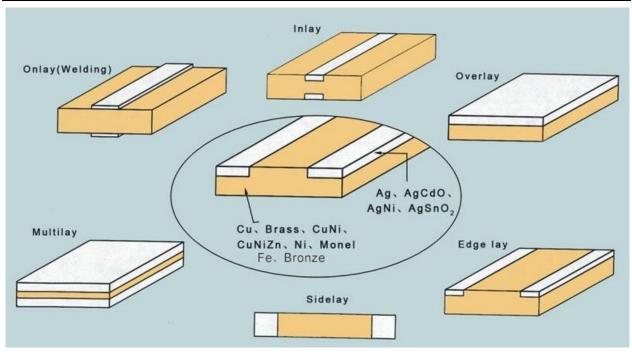

Dimensions can be customized

Total Width	Silver Width	Total	Silver	Total Width	Total
		Thickness	Thickness	Tolerance	Thickness
					Tolerance
1.5-60	1.5-60	0.1-0.5	0.05-0.3	±0.5	±0.03
1.5-60	1.5-60	0.6-1.5	0.05-1.0	±0.1	±005
1.5-60	1.5-60	1.6-3.0	0.05-1.5	±0.2	±008

5. Product types for Silver clad bronze strips

Inlay, Onlay, overlay, Multi-lay, Edge lay ...

6. Process of Silver clad bronze strips

General technological process		
Order	Process	
1	Copper strip slotting	
2	Surface treatment	
3	Hot composite	
4	Diffusion annealing	
5	Cleaning	
6	Precision rolling,	
7	Striping processing	
8	Forming to rolls	
9	Test and Inspection	
10	Packing	

7. Manufacture plant of Silver clad bronze strips

Germany Hi-precision Roller Machine; Hi-precision Vertical Cutting Machine; Slotting Machine; High-precision punch machine.

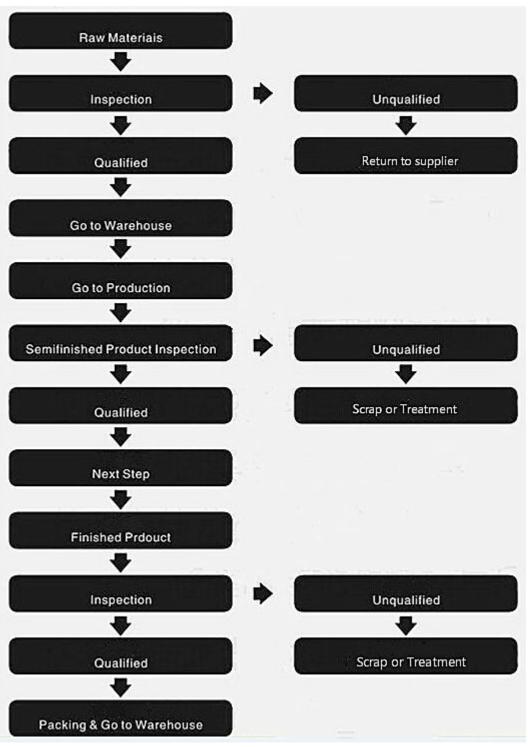

Address: No.16 Shuanggang street, Tangchun Village, Liaobu Town, 523407 Dongguan, Guangdong, China Phone: +86-769-89800565 E-mail:sales@intcnc.com

8. Quality control for silver clad bronze strip

9. Tests and inspection for Silver clad bronze strips

Test instrument : Metallographic Microscope; Digital Light Processor; Strength Tester; Hardness Tester.

10. Packing and shipping for Silver clad bronze strips Packing:

First put into Vacuum sealed plastic film, then Fill with sponge into the hard cardboard carton box, each box won't excess the weight 30kg.

Shipping:

We will choose the best way according to customer's requests.

- 1. By Air, to the indicated airport.
- 2. By Express (FedEx, UPS, DHL, TNT, EMS), to the indicated address.
- 2. By Sea, to the indicated sea port.

10. Questions and Answers

a1. Do you have ISO certificate?

Yes, we obtained ISO9001

a2. How long is your delivery time for silver clad bronze strip?

20-25 days depend on the raw material condition

a3. Do you make parts according to our design?

Yes, we always do as per customers drawings or Technical documents

a4. How do you control quality?

We produce strictly according to customer's drawings and requests, here are strict control plan in every process, full check of each parts, strive to provide customer 100% quality products, ROHS/SGS test report, material certificate are available.

a5. Do you provide sample? Free or charge?

Yes, if the sample in stock available, free of charge, if not, need to charge some mfg cost.
